About Us

- Monarch are leading UK manufacturers and distributors of high quality, high performance electric & non-electric water softeners, scale removal & prevention systems and water softener salt.
- We offer the highest quality Food Grade Salt tested to BS: EN973 Class A and HR Approval No: 24.00024/A.
- Based in Suffolk, with a national distribution network, we offer an exceptional service providing the highest quality salt products.
- Delivery can be arranged anywhere in the UK. Available in deliveries starting at ½ pallets increasing to full lorry/container loads direct to site. Full details available on request.
- We offer;
 - ✓ Top quality branded water softener salt
 - ✓ Fast delivery (UK mainland only)
 - ✓ High stock levels
 - ✓ Reliable and consistent service

Products

Monarch Euro Blocks 8kg

- Food Grade Salt tested and approved to;
BS: EN 973 Class A
- 69 per half pallet
- 138 per full pallet

Products

Monarch Ultimate Granular 25kg

- Food Grade Salt tested and approved to;
BS: EN 973 Class A
HR Approval No: 24.00024/A
- 22 per half pallet
- 45 per full pallet

Products

Monarch Ultimate Tablets 25kg

- Food Grade Salt tested and approved to;
BS: EN 973 Class A
HR Approval No: 24.00024/A
- 22 per half pallet
- 45 per full pallet

Delivery Options

- a) Delivery to site starting at ½ pallet increasing to full lorry load of 24 pallets – mixed tablets, granular, and blocks
- b) Delivery direct to site from Felixstowe of 20' container with 23 pallets – mixed tablets or granular. As blocks come from a different source, please note these cannot be included in this delivery option – apologies. Lead time for initial order 3 weeks. Fully approved container ramp/dock to be used for unloading any container.
- c) Collection from our storage depot at Harleston, Norfolk – minimum 2 pallets per collection – mixed tablets, granular and blocks.

Delivery Terms & Conditions

- a) Ref 1. previous slide: Please note that all salt can be added together to get multi pallet rate. All prices inc delivery but are subject to VAT
- b) Postcode surcharges: CA, EX, LA, PL, SA, TA, TR, TQ, LONDON, E, EC, N, NW, SE, SW, W, WC, Anglesey LL60 – add £19 per pallet
- c) Postcode surcharges: DG, EH, FK, G, KA, ML, TD, PA – add £29 per pallet
- d) Postcode surcharges: DD, KY, PH 1-8, Isle of Wight PO30-41 – add £39 per pallet
- e) EC ruling re 1 tonne limit for tail lifts apply and must be explained to the customer. Subject to the delivery companies' policy, it could mean that the top layer of bags needs to be hand balled off the pallet before tail lift is used. It is the customers' responsibility to arrange manual labour to hand ball off the above mentioned salt if the driver requests same. This ruling does not apply to customers who unload using a suitably rated forklift.
- f) Monarch accepts no responsibility for damages on handballed salt.
- g) All damages are to be noted by a photograph to cherrod@monarchwater.co.uk taken prior to unloading.
- h) Monarch accepts no claims for damaged bags once unloaded.
- i) Deliveries: Lead time approx. 5 working days, and given in good faith.

Monarch Euro Blocks – 8kg

Chemical Specification

Property	Unit	Typical Analysis
Appearance		White Crystalline
Assay	%m/m NaCl	>=99.8
Moisture	%m/m H2O	Max % 0.025
Insoluble matter	mg/kg	Max % 0.01
Total Copper	mg/kg Cu	Max 0.13 mg/kg
Total Arsenic	mg/kg As	Max 0.047 mg/kg
Total Lead	mg/kg Pb	Max 0.087 mg/kg
Total Mercury	mg/kg Hg	Max 0.02 mg/kg
Anti-caking agent		0

All 8kg packs have carry handle as standard

Typical Physical Characteristics

Block weight	4kg per block. Two blocks per pack
Block appearance	Rectangular to fit all block salt softeners

Approvals: BS: EN973 – Class A
Certificate No: QMS/13-0264

Blocks per pallet.
Full pallet 138 (code BSE8). Half pallet 69 (code BSEHP8)

Monarch Ultimate™ Granular – 25kg

Chemical Specification

Property	Unit	Specification
Appearance		White cubic crystals
Assay	%m/m NaCl	Min \geq 99.4 Max 99.7
Moisture	%m/m H ₂ O	<0.2
Insoluble matter	mg/kg	<0.01
Sulphate	mg/kg Na ₂ SO ₄	<0.28
Total Calcium	mg/kg Ca	0.2
Total Magnesium	mg/kg Mg	0.18
Total Arsenic	mg/kg As	<0.02
Total Mercury	mg/kg Hg	0.01
All other impurities	Mg/kg	< 0.05
Anti-caking agent		0

Typical Physical Characteristics

Grain size	97% @ 2 – 6mm
------------	---------------

Approvals: BS: EN973- Class A
HR Approval No: 24.00024/A

Bags per pallet:
Full pallet 45 (code MGS25). Half Pallet 22 (code MGSHP25)

Monarch Ultimate™ Tablets – 25kg

Chemical Specification

Property	Unit	Specification
Appearance		White Crystalline
Assay	%m/m NaCl	Min >= 99.4 Max 99.7
Moisture	%m/m H2O	<0.2
Insoluble matter	mg/kg	<0.01
Sulphate	mg/kg Na2SO4	<0.28
Total Calcium	mg/kg Ca	0.2
Total Magnesium	mg/kg Mg	0.18
Total Arsenic	mg/kg As	<0.02
Total Mercury	mg/kg Hg	0.01
All other impurities	Mg/kg	< 0.05
Anti-caking agent		0

Typical Physical Characteristics

Tablet weight	10g approx.
Tablet appearance	Pillow shaped (briquettes) 23 x 13 x 23mm

Approvals: BS: EN973- Class A
HR Approval No: 24.00024/A

Bags per pallet:
Full pallet 45 (code MTS25). Half Pallet 22 (code MTSH25).

Analysis nº 15/1893

Laboratory authorized and registered with the number LA-6 at the Dirección General de Salud Pública, G.V.

Laboratory certified by AENOR in accordance with UNE-EN ISO 9001 :2008, for the service of physical, chemical and microbiological analysis of inland waters and foods. Registered company number ER-1091/2007.

The estimated uncertainty is available to the petitioner. The statement of compliance with the specifications is based on a 95% coverage probability for the expanded uncertainty of results on which is based the decision of compliance.

Any partial reproduction of this report without the approval of the laboratory of Colegio Oficial de Farmacéuticos de Alicante is forbidden.

The results of this report refer only to the sample described above.

The data contained in this document will be incorporated into an electronic data file from which the Colegio Oficial de Farmacéuticos de Alicante is responsible and whose purpose is to manage the services offered by the COFA (invoices issue, accounting economic management, administrative management of collections and payments, historical of business relationships) including the elaboration of analysis.

MONARCH WATER

Never knowingly bettered

100,000 reasons why Monarch softener salt!

Monarch Water has sold over 100,000 water softeners in the UK and with nearly one in four of any softener sold being a Monarch, there's never been a better opportunity to sell your customers Monarch salt too!

What's more with the average family using between 1 to 1.5 bags of salt over a year that's over 5.4 million bags of salt bought annually! Not one of the potential sales opportunities of selling a high purity and quality water softener salt.

Here at Monarch we pride ourselves on the quality and purity of our **UltraPure™** water softener salt. All our salt has been rigorously tested to achieve best grade 95 (EN 912) Class A accreditation, with 100% purity and with nothing in it to harm your plumbing.

Ensuring that we provide the highest grade and purity of salt helps maximize your customer's equipment, protecting them from expensive and unpleasant water wastage. Such as scale and salt flow that may build up over time and may be mistaken for broken components in the softener get Monarch, or even to prevent softeners, all requiring costly maintenance.

All our salt is suitable for the widest variety of water softeners, offering:

- High purity and quality salt available in 25kg, 50kg and 100kg bags
- Food grade salt tested to BS EN 912 Class A
- Packaged in robust 25kg bags
- Stack salt (25kg) with convenient and easy to carry handle bags

To make your stock management just that little bit easier, we can arrange our softeners in water full or half pallets in any of our warehouse branches in the UK or Ireland. All within 3 - 5 working days of your order.
