

MONARCH WATER

Automatic Water Softeners

HOT WATER APPLICATIONS

Timer Model: HW70/10
Code: HW7010

Operation: Programmable time clock
Dimensions: 685H x 315W x 510D
(Height reduce to 638mm if blue cover not used)
Max op. Temp: 70°C
Connections: 3/4" male
Capacity @ 300ppm: 1730 litres

Timer Model: HW70/20
Code: HW7020

Operation: Programmable time clock
Dimensions: 1140H x 315W x 510D
(Height reduce to 1105mm if blue cover not used)
Max op. Temp: 70°C
Connections: 3/4" male
Capacity @ 300ppm: 3460 litres

Timer Model: HW65/5
Code: HW65/5

Operation: Programmable time clock
Dimensions: 540H x 225W x 390D
Max op. Temp: 65°C
Connections: 3/4" male
Capacity @ 300ppm: 648 litres

Timer Model: HW70/15
Code: HW7015

Operation: Programmable time clock
Dimensions: 685H x 315W x 510D
(Height reduce to 638mm if blue cover not used)
Max op. Temp: 70°C
Connections: 3/4" male
Capacity @ 300ppm: 2595 litres

Timer Model: HW70/30
Code: HW7030

Operation: Programmable time clock
Dimensions: 1140H x 315W x 510D
(Height reduce to 1105mm if blue cover not used)
Max op. Temp: 70°C
Connections: 3/4" male
Capacity @ 300ppm: 5190 litres

*HW70 models height can be reduced if blue cover not used. Please refer to pic of HW65/5 for finished appearance without blue cover.

Why a Monarch HW softener...
