

## / BENEFITS OF SOFT WATER

FOR YOU, YOUR FAMILY AND YOUR HOME

- 1 Easily fitting in your kitchen cupboard, a Monarch softener removes existing scale and keeps appliances protected.
- 2 Save up to £600 a year on hard water costs.
- 3 In just a few weeks, the scale will be gone from your kettle.
- 4 Keep your taps and sinks looking showroom new.
- 5 Dishwasher protection and cleaner looking dishes.
- 6 Hospital studies point to soft water alleviating skin conditions such as eczema.
- 7 Better shaving experiences.
- 8 Keeps your tiles, grout and shower screens free of limescale.
- 9 Increased life expectancy by using soft water for your boiler, hot water tank and all water using appliances.
- 10 Laundry will feel softer, fresher and cleaner.
- 11 Scale free boiler, with reduced energy bills as no scale to heat first.
- 12 Scale free hot water cylinder, with reduced energy bills as no scale to heat first.

## / SPECIFICATION

Monarch softeners are suitable for all types of 15, 22 and 28mm plumbing systems. All models are supplied with the unique Rapid-Fit bypass (reducing components needed to install the softener by 80%), a full standard installation kit, flexible hoses and complimentary water hardness test kit.

Model	People	Daily Capacity (litres @ 300ppm)	Dims H x W x D (mm)	Tablet Salt Use per Regen (kg)	Max Flow Rate (lpm)
SE-11	1 - 5	1,900	624 x 225 x 475	1.5	78
SE-14	1 - 8	2,850	802 x 225 x 475	2.25	78
SE-23	1 - 12	4,180	1088 x 225 x 475	3	75
SE-30	1 - 16	5,700	1309 x 225 x 493	4.5	70

Water pressure 1.5 - 5 bar. Maximum operating temperature 49°C. 3/4" mbsp connections. All models depth includes standard hoses with the exception of the SE-30 which is based on Maxflows being used. Family size is based on allowing 142 litres per person per day and water hardness of 300ppm. (Source: Energy Savings Trust)
