INHIBITOR

A superior conditioning performance thanks to a unique catalytic core treatment method.

10
YEARS
Parts
Warranty

EASY INSTALLATION NO EARTH BONDING

- / World-leading technology utilising a unique catalytic core within a quality stainless steel body
- / Water remains treated for up to 3 months
- / Prevents new, and removes existing scale from your system
- / No maintenance - fit and forget
- / Straight forward installation, can be connected to any type of pipe - copper, pvc, galvanized, etc.
- / Can be installed horizontally or vertically
- / WRAS-approved - demonstrating quality and durability of the highest standard
- / Leading 10 year parts warranty for complete peace of mind
- / No earth bonding is required
- / Reduces energy bills and prolongs equipment life
- / Can help to alleviate skin conditions such as eczema

SI

HOW IT WORKS?

3 stages for the ultimate conditioned water

1. A unique aerator screen which optimises turbulation and helps separate the bicarbonate (which causes scale)
2. Pioneering spiral alloy core combined with innovative surface chemistry composition to create a powerful catalytic reaction and long-lasting treatment
3. The result is the creation of aragonite crystals which flow freely through the system without leaving hard scale deposits

ENERGY BILLS CAN BE REDUCED BY UP TO ALMOST A QUARTER by preventing scale in hard water areas

/ Specification

Model	People per household	Dims L x Ø (mm)	Optimum flow range (lpm)	Connections
SI-15	1 - 4 (15 or 22mm pipework)	180 x 44	4 - 21	1/2" fbsp
SI-22	4 - 5 (22 or 28mm pipework)	180 x 44	18 - 41	3/4" fbsp
SI-28	6+ (28 or 35mm pipework)	210 x 49.5	34 - 62	1" fbsp

We recommend sizing your Scaleout Inhibitor upon the number of people per household and not to pipesize. Max pressure 16 bar, we recommend a PLV for all water pressures over 5 bar. Temperature 2 - 80°C.

MONARCH WATER

Monarch Water Ltd., Fair Green, Diss, Norfolk, IP22 4DG

SA

ADVANCE

Whole-house scale prevention with premium scale-free filtered drinking water at every tap.

24/7 WHOLE-HOUSE PROTECTION

- / Limescale protection for your kitchens, bathrooms and plumbing system
- / Clean, fresh and healthy filtered drinking water at every tap
- / Removes sediment, chemical contaminants, chlorine and odour from your drinking water and ice maker feeds
- / Water clarity even when preventing scale
- / Easy change cartridges that only require changing once a year

SA

ANTI-MICROBIAL HOUSING ENHANCED SAFETY

- / Leading 5 year parts and 2 year labour warranty for complete peace of mind
- / Suitable for 15, 22 and 28mm supplies
- / Easy to install - no drain or power points are required
- / Increases water flow rates and reduces energy bills
- / Less scale cleaning products needed, saving money and making your home more environmentally friendly
- / With no chlorine, laundry will feel softer, cleaner and fabric will last longer
- / Hair will come alive with no chlorine attacking the natural oils, becoming more manageable

SCALE-FREE FILTERED WATER

SA

ENERGY BILLS CAN BE REDUCED BY UP TO ALMOST A QUARTER by preventing scale in hard water areas

/ Specification

Model	Dims H x W x D (mm)	Max flow rate (lpm)	Connection
SA-15	355 x 320 x 182	30	3/4" mbsp
SA-22	355 x 360 x 182	45	3/4" mbsp
SA-28	355 x 360 x 182	60	1" mbsp
SA-LC	620 x 360 x 182	75	1" mbsp

All dimension widths include fittings and hose connections. Water pressure 1 - 5 bar. Temperature 4 - 45°C.
