

MONARCH WATER

Non-Electric

UP TO 6 PEOPLE

Zero Limescale, Zero Hassle.

Twin parallel cylinder system

The twin cylinder allows for softened water 24 hours a day with more than enough capacity to supply softened water to a large family.

Low Pressure Design Performance

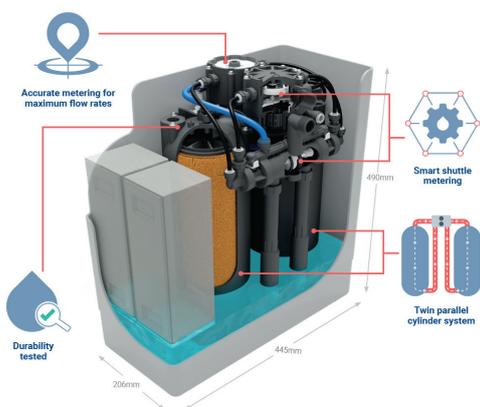

An enhancement feature that ensures your water softener performs to its full potential. Whether your water is supplied at a lower pressure or your family requirements cause fluctuations in pressure, our low pressure injector ensures maximum reliability.

Small and Compact

The ONE is designed to be fitted under the kitchen sink. Allowing 100% softened water without compromising space.

Great efficiency and low running costs

With a focus on sustainability, ONE is built with no timers, motors or complicated programming. It is non-electric, saving you energy and offers outstanding efficiency in both salt and water usage.

TECHNICAL SPECIFICATIONS

Flow Rate (l/min@15°C)	17L/min
Width x Depth x Height (mm)	206 x 445 x 490
Weight (Kg)	28kg
Salt Storage capacity	46kg
Salt used per Regeneration (96g/L Salt Dosage)	1.73kg
Maximum flow rate	51L/h
Maximum operating pressure	8 bar
Regeneration Time	12 mins approx
Plumbing Connections	3/4" & 1" Straight Fittings
Salt Type	Block Salt

Water pressure 1.5 - 5 bar. Maximum operating temperature 49°C. 3/4" mbsp connections.
